Time for a Future

Our Centre provides a range of professional services to children and adolescents with special needs and their families.

Our multidisciplinary team has a combined background of many years experience and expertise in:

- Specialist service provision (psychology, psychiatry, counselling, early childhood special education)
- Community and professional education
- Service development, support and consultation
- Family advocacy
- Internationally recognized research in the fields of Child Development, Autism Spectrum Disorders and Child and Adolescent Mental Health

Assessment and diagnosis of:

- Autism
- Asperger's Disorder
- Global developmental delay
- Intellectual disability
- Emotional and behavioural problems

We also provide:

- a range of evidence based interventions for children, adolescents and their families that complement and interface with other services.
- Individual child therapy
- Family therapy
- Autism Parent Education and Skills Training Programs
- Cognitive behaviour therapy (anxiety, depression, school refusal)
- Professional Consultation
- Professional education and training packages
